

# DO YOU OWN OR LEASE SMALL COMMERCIAL SPACE?

We thought so.

If you could add 20-30% monthly to your net operating income, would that give you reason to celebrate?

If you could improve operational efficiency, extend the life of HVAC assets, and control your buildings from anywhere, would your life be easier?

IF YOU COULD DO ALL  
THIS WITH NO  
CAPITAL DOWN OR A  
SIMPLE PAYBACK  
WITHIN A YEAR,  
WOULD IT BE WORTH  
YOUR WHILE?

IT WOULD.

AND YOU CAN.

WE CAN HELP.

TechSmart & Incenergy team up to provide you with a full 360 degrees of energy management consulting and cost effective solutions.

Finally, even retail and tilt-wall industrial spaces can benefit from next-generation wireless EMS... without breaking the bank.
